

SlimBlade™ Trackball

The Ball That Can Do It All

K72327EU

Product Description

Comfort and productivity are at your fingertips with the SlimBlade Trackball. Your computing experience gets smoother, faster and easier with a ball that can do it all. In addition to the usual productivity gains that come with a trackball, with a simple twist of the ball, you'll be scrolling up and down pages. It offers better ergonomics, with less wrist and hand movement that will ease the pain of repetitive-stress injuries. TrackballWorks also allows you to turn your trackball into the ultimate media controller so you can adjust volume, hit play/pause, stop, and forward/back. The sleek, low-profile design provides all-day comfort while advanced laser technology and a large 55mm ball deliver exceptional precision.

Features

- Scroll up and down web pages and documents with a simple twist of the 55mm ball
- Sleek, low-profile design offers all-day comfort along with beautiful aesthetics
- Laser tracking technology delivers superior precision for increased productivity
