# Calisto 3200 and Calisto 5200

## Personal corded USB speakerphones\*

\*Calisto 5200 with 3.5 mm connectivity pictured.

### Portable and personal

Convenient carrying case and integrated cable management

### Connectivity options

Connect to PC, smartphone or tablet with USB (both) and 3.5 mm cable (Calisto 5200 only)

### Intuitive controls

Manage calls with answer/end, mute and volume on PC (or smartphone/tablet with Calisto 5200 only)

### Rich, clear sound

Omnidirectional microphone provides exceptional audio from up to 10 ft/3 m away

### High-quality audio

PC wideband audio and digital signal processing (DSP) reduce drop-outs and echo

### Dynamic mute alert

Notifies you if you try to talk on mute

### Good all day

30 hours of battery life (Calisto 5200 only) and automatic power-down

## Rich, clear sound

- Exceptional audio for clear-sounding voices up to 10 ft/3 m away
- Omnidirectional microphone
- Meets Microsoft Skype for Business specifications optimized for group conferencing

## Easy to use

- Integrated cable management with portable case
- Intuitive volume and call controls
- Intelligent mute alert
