Be safe

Please read the safety guide for important safety, charging, battery and regulatory information before using your new headset.

USB Bluetooth adapter

USB LEDs	What they mean
Red and blue flashes	Pairing
Solid Blue	Pairing successful; connected
Blue flashes	On a call
Solid red	Mute active
Purple flashes	Streaming music/media from computer

NOTE Adapter design may vary

Connect and pair

Connect to PC

Your Bluetooth USB adapter comes pre-paired to your headset.

- 1 Turn on your headset and insert the Bluetooth USB adapter into your laptop or PC.

- 2 The USB adapter LED flashes blue and then turns solid blue to indicate the headset is connected to the USB adapter. If you are wearing your headset you will hear "PC connected" to indicate the connection has been established. When on a call, the LED on the USB adapter will flash blue. When not on a call the LED will be solid blue.
- 3 **OPTIONAL** Load Plantronics Hub for Windows and Mac by visiting plantronics.com/software. This will allow you to customize your headset behavior through advanced settings and options.

Configure USB adapter

Your high-fidelity Bluetooth USB adapter comes ready to take calls. If you want to listen to music, you will need to configure your Bluetooth USB adapter.

Windows

- 1 To configure your Bluetooth USB adapter to play music, go to **Start menu > Control Panel > Sound > Playback tab**. Select **Plantronics BT600**, set it as the Default Device and click OK.
- 2 To pause music when you place or receive calls, go to **Start menu > Control Panel > Sound > Communications tab** and select the desired parameter.

Mac

- 1 To configure the Bluetooth USB adapter, go to **Apple menu > System Preferences > Sound**. On both the Input and Output tabs, select **Plantronics BT600**.

Pair to mobile device

- 1 To put your headset in pair mode, slide and hold the Power \odot switch away from the off position until you hear "pairing" and the headset LEDs flash red and blue.

- 2 Activate Bluetooth on your phone and set it to search for new devices.
 - **iPhone Settings > Bluetooth > On***
 - **Android Settings > Bluetooth: On > Scan for devices***

NOTE *Menus may vary by device.

- 3 Select "PLT V4210 Series / PLT V4220 Series."
If necessary, enter four zeros (0000) for the passcode or accept the connection.

Once successfully paired, you hear "pairing successful" and the headset LEDs stop flashing.

NOTE Your headset can pair with up to 8 devices but only maintain 2 connections simultaneously; this includes the Bluetooth USB adapter.

Pair USB adapter again

Typically, your USB adapter is pre-paired to your headset. In the event that your adapter is disconnected or bought separately, you will need to pair the adapter to your headset.

- 1 Insert the high-fidelity Bluetooth USB adapter into your laptop or computer and wait for your computer to recognize it.
- 2 Put your headset in pair mode.
- 3 Put your Bluetooth USB adapter into pair mode by pressing and holding the recessed pair button with a pen or paperclip until the Bluetooth USB adapter flashes red and blue.

NOTE Adapter design may vary

Pairing is successful when you hear "pairing successful" and "PC connected" and the Bluetooth USB adapter LED is solid blue.

Fit and charge

Wear on the right or left

To position the microphone on the right or left side, rotate the microphone boom up and over. Gently bend the boom so it is approximately 2 finger widths from the corner of your mouth. **IMPORTANT** For true stereo sound, wear the boom on your right side.

Charge

It takes 90 minutes to fully charge the headset. The indicator light turns off once charging is complete.

Check headset battery status

There are 3 ways to check the headset battery status. Choose:

- Plantronics Hub for iOS/Android: check the home screen
- Plantronics Hub for Windows/Mac: click on the Plantronics Hub headset icon in the system tray or menu bar to view battery status
- Slide and release the Power ⏻ switch away from the off position. Listen to the voice alert or observe the headset LEDs.

Headset LED behavior while charging

Off	Charging complete
● ● ●	Battery high
● ●	Battery medium
●	Battery low
⚡	Battery critical

TIP To reset the accuracy of the talk time alert, deplete the headset battery then charge fully.

Load software

Plantronics Hub is an invaluable headset tool.

NOTE Some softphones require the installation of Plantronics Hub for Windows and Mac to enable headset control (answer/end and mute) functionality.

- Download Plantronics Hub for Windows/Mac by visiting plantronics.com/software.
- Download Plantronics Hub for iOS/Android by visiting plantronics.com/software, the App Store or Google Play.

Plantronics Hub	iOS and Android	Windows and Mac
Call control for softphones	available for some softphones	X
Change headset language	X	X
Update firmware	X	X
Turn features on/off	X	X
View user guide	X	X

Find MyHeadset	X	
Use Amazon Alexa (requires app)	X	

The Basics

Power on/off

Slide the switch  to power on or off.

Adjust the volume

Tap the Volume up (+) or down (-) button.

Adjust headset microphone volume (softphone)

Place a test softphone call and adjust softphone volume and PC sound volume accordingly.

Make/Take/End Calls

Answer or end a call

Tap the Call  button.

Answer a second call

First, tap the Call button  to end current call, then tap the Call button  again to answer new call.

Mute

While on an active call, tap the red Mute  button.

Hold a call

Double-tap the Call  button to put a call on hold. Tap the Call  button again to answer an incoming call.

NOTE *Up to 2 calls can be put on hold.*

Switch between calls (flash)

Double-tap the Call  button to switch between calls.

NOTE *Flash functionality works only between calls of the same type. Flash does not work between mobile and softphone calls.*

Call back last call (smartphone)

To dial your last number you dialed, double-tap the Call  button.

Answer calls from a second device

It's easy to answer calls from two devices (including softphone).

When on a call, you hear a ringtone notification of the incoming call from the second paired device.

To answer a second call from the other device, first tap the Call  button to end the current call and tap the Call button again to answer the new call. If you choose to not answer the second call, it will go to voicemail.

- Play or pause audio** Tap the Call  button.
- Track selection** Double-tap the Call  button to skip to the next track or triple-tap the Call  button to play the previous track.
NOTE *Functionality varies by application. May not function with web-based apps.*
- Fast forward/rewind** Double-tap and hold the Call  button to fast-forward. Triple-tap and hold the Call  button to rewind.
NOTE *Functionality varies by application. May not function with web-based apps.*
- Voice assistant** **Siri, Google Assistant™, Cortana** Press and hold the Call button for 2 seconds to activate your phone's default voice assistant. Wait for the phone prompt to activate voice dialing, search, and other smartphone voice controls.
- Enable and use Amazon Alexa** With Alexa enabled on your headset, you can ask for directions, call friends, access Alexa Skills and more.
NOTE *Amazon Alexa isn't available in all languages and countries.*
 - 1 Enable Alexa
 - A Connect the headset to your mobile device**
 - B Update your Plantronics Hub mobile app (software) if necessary**
 - C Launch Plantronics Hub app and ensure that your headset (firmware) is up-to-date**
 - D From Plantronics Hub main menu, choose Apps > Amazon Alexa > Enable**
 - E Launch the Amazon Alexa app and follow the instructions to set up your headset**
 - 2 Use Alexa
 - A To use Alexa, tap the Mute button and ask a question. You hear a tone when Alexa is activated.**

More Features

Select language

You can wirelessly change your headset language using Plantronics Hub software. Download: plantronics.com/software. Choose:

- With your headset paired to your smartphone, select headset language in Plantronics Hub for iOS/Android
- With your headset connected to your computer via USB adapter or cable, select headset language in Plantronics Hub for Windows/Mac*
**USB adapter not included in all models.*

Enable Tile

Use the Tile app to ring your lost headset or locate it on a map and ask the Tile community for help.

- 1 Connect the headset to your mobile device
- 2 Launch Plantronics Hub app and ensure that your firmware is up-to-date
- 3 From Plantronics Hub main menu, choose **Apps > Tile > Enable**
- 4 Launch the Tile app and follow the instructions to connect your headset

DeepSleep Mode

If you leave your headphones powered on but out of range of your paired phone or USB adapter for more than 7 days, your headset conserves its battery power by entering into DeepSleep mode.

Once back in range with your phone or USB adapter, press the Call control  button to exit DeepSleep mode.

Online indicator

Your headset LEDs flash red to inform others that you are on a call. Manage settings in Plantronics Hub.

Update firmware

Keep your firmware up-to-date to improve performance and add new features to your headset.

Update your firmware using your computer or mobile device with Plantronics Hub for Windows/Mac or Plantronics Hub for iOS/Android, respectively. Download Plantronics Hub at plantronics.com/software. Choose:

- Plantronics Hub for Windows/Mac: With your headset connected your computer, check Updates for available firmware update
- Plantronics Hub for iOS/Android: With your headset paired to your smartphone, check Settings for available firmware update

While updating firmware:

- Remove your headset from your ear. Do not use your headset or device until the update is complete.
- Disconnect your headset from other devices such as phones, tablets and computers
- Do not start a second update from a second device
- Do not stream media on your smartphone
- Do not answer or place a call

NOTE Smartphone: *If you receive a lot of calls, emails or texts, try turning on the Do Not Disturb feature in your smartphone's settings while you update.*

Headset recovery

If you have several failed attempts at an over-the-air firmware update, or if your headset becomes unresponsive, take the following steps:

- 1 Download and install Plantronics Hub for Windows/Mac at plantronics.com/software
- 2 Connect your headset to your computer using a USB cable
- 3 Open Plantronics Hub, go to Help > Support > Firmware Updates & Recovery and enter your Product ID (PID) to complete the recovery

Find your Product ID (PID). Choose:

- Plantronics Hub app's headset recovery instructions
- Plantronics Hub app's home screen
